

**VIRTUAL  
AIR NEW ZEALAND**

IN CONJUNCTION WITH

PRESENT....

**2011 NELSON FLIGHT-SIM GET TOGETHER**

## Where?

Nelson, New Zealand.

## When?

The weekend of **November 4th-6th, 2011**

## What?

So what will be happening?

### *Guest Speakers...*

including Air Nelson's Ground Instructor and First Officer Kevin Neal. Darrin Stringer Air Nelson's Flight Operations Manager and former 737 Training Captain (subject to availability). Also there maybe a 777 3rd Officer subject to rostering.

### *Air Nelson operations...*

see Air Nelson from the inside. Visit the Hanger and see the aircraft on maintenance checks. Sit in the hot seat in the Q300. See behind the scenes of what happens after you check in and your bag disappears. Visit the Flight planning and crew control areas to see what a Pilot and crews day looks like.

### *Tower tour...*

visit Nelson Control Tower and see them in action.

And plenty of opportunities to chat with the Virtual Air New Zealand team about the Dash 8 in particular, but flight sim setup and use in general. Share tips and tricks, chat about add-ons etc. Feel free to bring a laptop if you want to show off anything.

## Why?

To learn as much as you can about your hobby and get some tips and tricks from the guys who fly the real metal. To put faces to the names we see online or Pilot numbers within Virtual Air New Zealand. You could be the lucky Attendee that wins the chance to have a fly of the Air Nelson Q300 full motion Simulator in Auckland.

## Venue?

Friday Night venue yet to be confirmed, get together at local hotel. Maybe 623 on the Rocks. Saturday get together and conference will be Air Nelson's Pilot training rooms at [Rapide Drive](#), Nelson Airport.

## Cost?

Free. There may be a small charge if you wish lunch to be catered for you or bring your own. There is a BBQ on site so that maybe our best option.

## Who?

If you have a copy of this information you are welcome to attend. However you must be a flight simulator enthusiast and want to learn.
